

# BEN PORAT YOSEF *and* TEACH NJS *present*

## SCHOOLS IN SESSION

*The schools in session initiative connects day school parents and leaders with their elected officials to discuss legislative items that can benefit day school students. It is critical that our parents attend to show these legislators that we want two things: A strong relationship with our elected officials and that our children learn and thrive.*

Ben Porat Yosef invites you to our important meeting with Assemblywoman Valerie Huttle to discuss Security and Tuition Affordability at our school

**APRIL 11TH, 10AM**
